Subject: Consensus Plan

My name is Guy Comparetta. I am a past chief and currently a Commissioner in the Fort Hunter Fire District in Albany County, NY. I am in support of the Concensus Plan. I urge the FCC to make your final decision in favor of the Consensus Plan within the next week as the lives of public safety responders and our citizens hang in the balance. I truly hope that the FCC will not give in to unfair tactics launched by Verizon.

Thank you, sincerely.
